DISCLAIMER

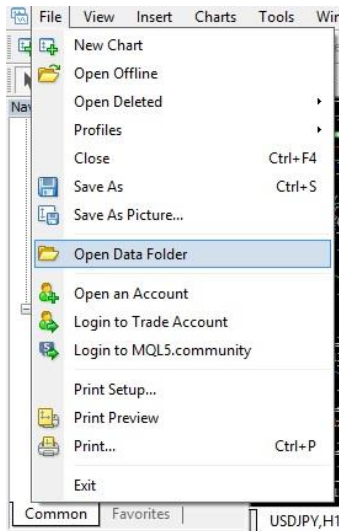

High Risk Warning. The Expert Advisor use martingales that carries a high level of risk, and may not be suitable for everybody. Before deciding to use the Expert Advisor you should carefully consider your trading objectives, level of experience, and risk appetite. The possibility exists that you could sustain a loss of some or all of your initial trading capital and therefore you should not trade with money that you cannot afford to lose.

CFTC RULE 4.41 - Hypothetical or simulated performance results have certain inherent limitations. Unlike an actual performance record, simulated results do not represent actual trading. Also, since the trades have not actually been executed, the results may have under- or over-compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated trading programs in general are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profits or losses similar to those shown.

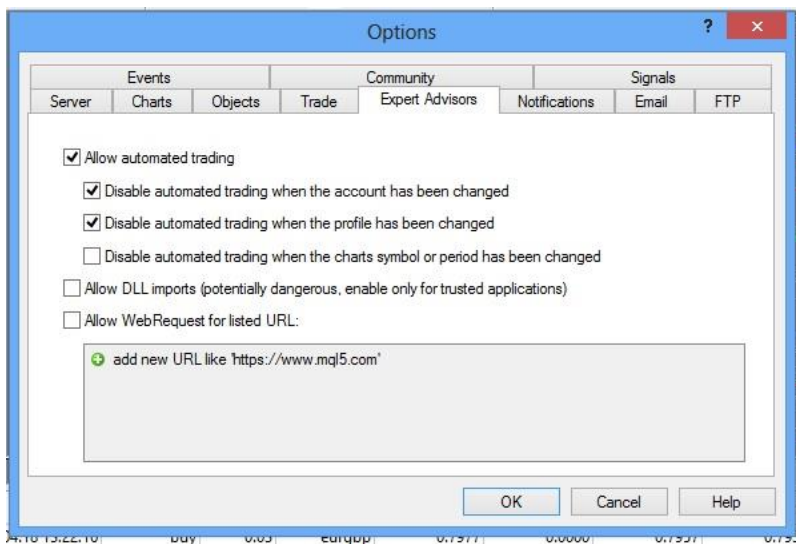

You should be aware that trading Foreign Exchange carries a high level of risk, and you can lose some or all of your investment. The high degree of leverage that is often obtainable in forex trading, can work against you as well as for you. The use of leverage can lead to large losses as well as large gains. You must be aware of the risks and be willing to accept them in order to invest in the forex markets. Don't trade with money you can't afford to lose. We will not be liable or responsible for any loss or damage due to any reason. By using DRAGON EXPERT ADVISOR, you acknowledge that you are familiar with these risks and that you are solely responsible for the outcomes of your decisions. We accept no liability whatsoever for any direct or consequential loss arising from the use of this product. It's to be noted carefully in this respect, that past results are not necessarily indicative of future performance.
